*To promote harmony  
in America and peace  
in the world*

**JOHN HAGELIN, PH.D.**

Founder of the U.S. Peace Government, renowned quantum physicist, and Natural Law Party presidential candidate in 2000

**O**ur Founders resolved 227 years ago to break the bonds of tyranny from Great Britain. Today, we resolve to break the bonds of tyranny from violence, terrorism, and war.

—John Hagelin, Ph.D.

## The U.S. Peace Government

**T**HE U.S. PEACE GOVERNMENT is being founded to prevent violence and terrorism in America and create peace in the world. It will not usurp the responsibilities of the existing government, which is primarily concerned with crisis management. Instead, this second, “complementary” government will implement scientifically proven programs to effectively prevent problems—in health care, education, defense, economy, energy, agriculture, and the environment.

Dr. John Hagelin will be joined by 400 of America’s top medical doctors, business leaders, policy makers, and university professors.

The historic launch comes on the 227th anniversary of the Continental Congress’s resolution for independence.
